

New Magic Story 010

An English Student

Hello! My name is Carlos and I'm 37 years old.

I'm from Belo Horizonte Brazil. I'm going to talk a little about myself.

I'm a business administrator. I graduated from UFMG 15 years ago.

I went to public school all my life.

I was born in a middle class family and lived with my parents and two sisters until I finished university.

After I graduated, I got a job at a technology company and moved out from my parents' home.

I got married two years later.

Today I live with my wife and daughter in Belo.

I really like my job.

I love sports, and I really enjoy outdoor activities such as hiking and biking. I love spending time with my wife and kid and traveling with them sometimes.

Right now my focus is to learn how to understand and speak English.

I am learning and practicing my English every day.

If I improve my English I'll be promoted in the next six months

Next year my family and I are going to spend some time in USA. So I really need to be able to communicate well in English.

My wife and daughter are also learning English. They are planning to go to school in America next year.

What about you? Tell me a little about yourself!
