

New Magic Story 012

Driver's License

Jeremy is 16. He can drive in USA, but first he needs to get his driver's license.

It's Friday afternoon. Right now Jeremy is at school. He doesn't have basketball practice today. So, in a few minutes he's going to Driver's Ed. He is going to practice his driving with his driving instructor. He's going to take his driving test next week.

Jeremy is very excited. Why? Because he's buying a car after he gets his license. He is going to be able to drive around town by himself.

Do you know what that means?
