

New Magic Story 018

Meet Josh Part 2

IN THE PRESENT

Josh is Jeremy's oldest brother. He's 21 years old.

Josh has just entered University. He goes to University of Washington.

He wants to be a software engineer.

Josh has a part time job at Apple Store downtown Seattle.

He has a girlfriend named Alisson. She lives in Des Moines and goes to Highline Community College.

Here is a little about Josh's daily routine:

He wakes up at 6:30, takes a shower, gets dressed, has some breakfast and checks his phone.

At 7:30 he is ready to go to school. He drives to university district in Seattle and gets to class at 8:30.

He stays on campus until noon. Then he grabs some lunch, browse over his social media for a while and then drives downtown to get to work at 2pm.

He works at Apple store from 2 to 7. He helps customers with all kinds of Apple products. Sometimes he needs to stay a little longer but usually he's ready to go home at 7:15.

As soon as he gets home, he changes his clothes and goes for a run. Sometimes he plays some hoops with his brother Jeremy.

How does Josh usually spend his evenings?
